# AUTHENTICATION DIAGRAM

# MAIN ACTIVITY DIAGRAM

# LIBRARIES USED

- **OkHttp3 & Retrofit:** Network Calls
- **RxJava2:** Network Response
- **ReactiveNetwork:** Network Connection
- **Joda:** Date/Time Calculations
- **Glide & Picasso:** Images from URL's
- **Hugo:** Easier Debug Logging

# IMPROVEMENTS

- Design for different screen sizes, resolutions and configuration changes. How?
  - Fragments (GridView v. DetailView)
  - res directory conventions
- More nuanced handling of network connection
- Choose between MVP or MVVM for consistency
